

# CURVED LINE

## CONCRETE BENCH

Ergonomically curved for user comfort, with modular capability for various spatial arrangements.

### ANCHORING

- fixed/anchored to the ground

### MATERIAL & STRUCTURE

- Cast concrete
- Terracotta/natural stone-like

### DESCRIPTION

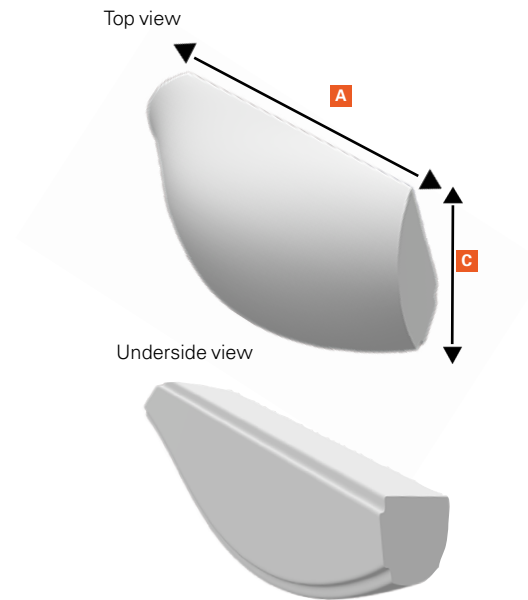

The Curved Line consists of four main modules that can be assembled into units, creating endless seating loops or beautiful circular bench structures for public spaces. Assembly and installation are made easy through pre-installed mounting fixtures.

## POSSIBLE MODULES

## CURVED LINE
